The President

To: Comrade Ali Said Abdalla
Minister of Internal Affairs.

Subject: So-called "Jehovah"

Those Eritreans by birth who claim to be followers of the "Jehovah" faith and have cancelled their nationality on their own volition by "refusing" to participate in the referendum, and again confirmed the revocation of their nationality by themselves by "avoiding" contribution to the National Service:

- (1) Should be denied employment in any government sector and, in case there are any, should be dismissed forthwith;
- (2) Should not be granted any business license, and those who already have them should be withdrawn;
- (3) The Ministry of Interior is hereby instructed to take whatever steps necessary to see to it that none of them shall either be granted, or be in the possession of, any identity, travel or other similar documents.

Victory to the Masses!

The President
